

News No. 5/2011

WTS Alliance

Since 1 July 2011 Alfery & Partner s.r.o. is the only tax advisory firm in the Czech Republic to belong to the **WTS Alliance** (www.wts-alliance.com). WTS Alliance is a major network of tax advisory firms from 27 countries worldwide, supported by further co-operating partners abroad, ensuring an overall presence of selected tax firms in more than 90 countries worldwide.

Since its foundation in 2003 WTS Alliance has been a trendsetter in establishing a tax dedicated international network and is growing continuously. German tax advisory firm WTS GmbH, with its headquarters in Munich, is the coordinating body of WTS Alliance.

In order to highlight our affiliation with the WTS Alliance network, we have decided to change the name of our firm to **WTS Alfery s.r.o.**

WTS Alfery s.r.o. joined WTS Alliance in order to render superior and highly efficient consultancy services to our clients. If there is a comprehensive tax advice query in need of a comparison of legal aspects in various countries, WTS Alfery s.r.o. can make use of already existing worldwide contacts within WTS Alliance.

WTS Alfery s.r.o. works closely with WTS Alliance for its clients in the following fields: optimal tax structuring of staff secondments (both inbound and outbound), tax structuring cross-border business activities, taking into account aspects of permanent establishment, transfer pricing advice and documentation, VAT allowances. Currently, we are carrying out several tax, financial and legal due diligences in companies which will be taken over by a foreign owner.

If you need an opinion or consulting on an issue involving an international reference, please do not hesitate to contact us at info@alferypartner.com or to address your consultant directly.
